Policies and Procedures

- As I work on preparing the documents that contain the solutions to these situations

Please communicate to me all cases you come across in which

- existing policies are wanting
 - because there is not an existing policy for dealing with the case
 - because the policy for dealing with the case is not written/clearly communicable to another
 - because applying the policy a written seems to produce an undesired outcome
 - etc.
- protocols or procedures are unclear
 - edge cases videos where the rules as expressed in the content policy guide are inadequate
 - emails where the escalation path is unclear
 - etc.

For edge case videos, follow your procedures as you have been doing, and keep me cc'ed on the decisions on them.

Please send me any item which needs to be escalated to Google

- I will log the item, escalate it, and handle integrating the outcome into our protocols as appropriate

BOO BOO!

The person who wins with best "boo boo" gets to keep our team mascot for the week.

Warm Fuzzies

"Thank you very much. I appreciate your attention even during the holiday season. I will fax back the form soon and one of my admins will work on locating content. Happy New Year."

Best Practices

Tips and Tricks?

This is where you can give helpful tips to the rest of the team to make our jobs easier or more efficient.

Gold Stars

Who helped you out this week?

Email of the Week

Email Misty your favorite email, we will vote and the winner will get their email framed to place on their desk for the week. Your email might even make it to the "wall of shame"
